Student support services

Starting life as a new tertiary student can be exciting as well as challenging. Our Student Success team is here to help you through any issues that might arise, and make sure your time here is rewarding and fun!

Student Success team
studentsuccess@op.ac.nz
Where The Hub

Student Advisers
Our Student Advisers are available to talk in person, via phone or email anytime. They can help you with any personal problems and study issues as you settle into life at Otago Polytechnic, and offer continued assistance throughout the academic year.

Disability and Wellbeing Support
Our Disability and Wellness Advisor provides support tailored to your individual needs. This may include classroom note-takers, readers and writers, tutors, equipment, adaptive technology, orientation and liaison with including staff and community agencies.

Pasifika support
Anna Delai provides support and assistance to Pasifika students. Those who identify as being of Pasifika Islands descent will be contacted by Anna. Regular fono are held during the year to update students on new activities and support opportunities.

International Support
The International Student Advisers are dedicated to assisting international students to settle into tertiary study to ensure that you get personalised support while studying.

Other support services include:
Learning advice
- Counselling services
- Student Health Centre
- Careers services
- Chaplain
- IT support

Te Puna Wa Oweho
The team at Te Puna Owheo assists and supports Māori students studying at Otago Polytechnic. They can also provide information on a range of scholarship opportunities.

Whakarewarewa is a dedicated space on campus for Māori students. Te Puna Owheo Whakarewarewa and Whakarewarewa can be found over by A Block.

Te Pā Tauru Otago Polytechnic Student Village

Our new, on-campus student village opened this year. The 231-bed furnished residential village offers fully catered single rooms (dorms), and self-catered studios and four-bedroom apartments. With its prime location, you will enjoy a short walk to campus whilst still only being minutes from the city centre. Purpose-built for students, it’s the perfect home to enjoy study life to the full within an exciting and supportive community.

Features and amenities include:

- You will benefit from:
  - Being part of an exciting and supportive community
  - A contemporary and modern living environment
  - A range of residential programmes
  - In-house resident advisor
  - A choice to make new friends

- Amenities and advantages include:
  - Common rooms, pool table and sports ground
  - Near to the city
  - Free shuttle to city campus
  - Access to the sports and recreation centre
  - Free shuttle to city campus
  - Free shuttle to city campus
  - Free shuttle to city campus

- Tours
Come and see what it would be like to live in our Village while you study.
Where: Main building entrance
When: 3:00am - 3:10am, 10:30am - 11:45am, 11:00am - 11:45am, 12:30pm - 1:15pm, 1:30pm - 2:15pm

**Academic seminars**

**Certificate**

**Foundation Studies**

WHERE: The Hub

WHEN: 12.00pm - 1.00pm

New Zealand Certificate in Foundation Skills (Level 2)

Get a taste of what tertiary learning is all about and gain essential skills for study and work.

This programme is great if you want to gain confidence and ability in literacy, numeracy and digital competency. You can study in either a general study or work context. The work context includes practical workshops and community based experiences.

**FamHand**

Love the outdoors and practical work? This 17-week, Dunedin-based scheme is run in partnership with the Mascom Charitable Trust and is a stepping stone into education and employment in the primary sector industry. You will take part in a work placement, improve your study skills, gain an Otago Polytechnic certificate qualification and learn how to put together a great CV.

New Zealand Certificate in Study and Career Preparation (Level 3)

This certificate includes subjects like Steadfast, Hairdressing, Engineering, Health and Work.

This programme offers you the chance to improve your study skills and prepares you for higher level learning. It includes either a general study context or a work context.

Along with improving your reading, writing, presenting and computer skills, you will also gain valuable employability skills such as CV and interview preparation, and how to write a cover letter. Depending on the course you choose, this programme offers work experience opportunities.

**Certificate**

**English Language**

WHERE: The Hub

WHEN: 1.00pm - 2.00pm

Come and speak to our teaching staff today. For ESOL students, whether International or Permanent Residents, and for domestic students needing to improve their academic skills.

For English Language, your level will be assessed before placement in one of our Level 2, 3 or 4 programmes, which will then lead you into our mainstream programmes.

**Certificate**

**Horticulture**

Sustainable Horticulture > Arboriculture

**Certificate**

Landscape Construction

**Tour**

WHERE: Leaving from the L Block foyer, Anzac Avenue

WHEN: 11.15am – 11.25am, 12.30pm – 12.40pm

Horticulture workers assist in the design, production and maintenance of plants, gardens and landscapes for both local and international markets. The industry is extremely diverse.

As a horticulturist, you may specialise in a number of areas: Arboriculture (bucking, felling, transplanting and maintaining the health of trees and shrubs) Amenity horticulture (care, maintenance and growth of ornamental plantings) Landscape construction (building and maintaining gardens and landscapes) Nursery production (growing plants for sale) Sustainable horticultural practices

**Certificate**

**Veterinary Nursing**

Animal Care > Rural Animal Technology

**Certificate**

Veterinary Nursing

WHERE: Reception, N Block, Alsaby Street

WHEN: 11.00am and 1.00pm

Veterinary or animal-related industries work to promote the health and welfare of animals, such as household pets and livestock. This may include administering medication and nursing sick animals, providing pre- and postoperative health care, first aid/emergency treatment, animal breeding or working in a veterinary clinic, zoo or farm setting.
**Business, Tourism & IT**

**Applied Business**

**Accounting** > Applied Travel and Tourism > Business Administration > Applied Management (Specialty)

**Travel and Tourism**

**Where** Room D101, D Block
**When** 9:30am-10:30am

There are many opportunities for skilled graduates in the tourism industry, and students graduate with a high level of customer service skills and sales ability. Our socially oriented units include travel, tour guiding, hospitality operations, conference and events, adventure tourism, sustainability, marketing and destination knowledge. You also have the opportunity to work in the tourism area of your choice.

**Business**

**Where** Room D101, D Block
**When** 10:30am-11:30am

The opportunities for our business management graduates are extremely varied. You may oversee the recruitment and relocation of staff, devise methods to improve productivity and efficiency, manage stock, create new products and devise marketing strategies. You could eventually work your way up to senior management level or operate your own business.

**Information Technology**

**Where** Room D101, D Block
**When** 11:30am-12:15pm, 12:15pm-1:00pm

The computing and IT industry is dynamic and exciting with a wide range of roles such as working with clients to design and develop computer software, through interactive web-based tools. Our hands-on programmes and industry projects allow you to develop high level technical abilities while exercising your problem-solving skills and creativity.

---

**Dunedin School of Art**

**Dunedin School of Art**

**TOURS**

Where DSA main entrance, P Block, Pingao Street
**When** 10:00am, 11:30am and 3:00pm

**ART PRESENTATION**

Showcase of exciting student work and discussion around career options.

**Where** DSA, Room 152, P Block, Pingao Street
**When** 12:00pm-1:00pm

**Food Design**

Cookery > Culinary Arts > Food and Beverage Services > Hospitality Management

**Where** Mainland, Harbour Terrace

The hospitality industry offers excellent career opportunities in many areas including cafes and restaurants, hotels, hospitals and catering companies.

**Culinary Arts**

There are numerous opportunities for skilled graduates including restaurants and hotels, artisan businesses, management, media and technology, and tertiary teaching.

Our world-leading culinary arts qualification is the only one of its kind in the Southern Hemisphere and explores the concepts of multi-sensory cooking. Cutting-edge culinary arts and creative design are brought together so you have the chance to create customized food experiences to delight and inspire.
Design
Fashion > Communication > Product
TOURS AND PRESENTATIONS
When 9.30am, 10.30am, 2.00pm
Communication Fashion
Where Level 5, H Block Where Level 4, H Block
Product
Where Level 3, H Block
New Zealand’s future is being designed by people like you. Designers are creative thinkers who want to challenge the status quo.
With your Otago Polytechnic design qualification in communication, fashion or product design you will gain the skills, training and experience to work in a range of rewarding creative fields.
Our programmes are taught by highly qualified and award-winning tertiary teachers with extensive industry and professional experience. You will:
- learn in a highly supportive studio environment that caters for you as an individual and allows you to develop confidence as a designer.
- consider different perspectives and tackle important social issues.
- work with clients and customers to create innovative designs, products, services and experiences.
- be part of successful teams and understand how designers can add value to multi-disciplinary teams.
- sharpen your visual, written and verbal presentation skills so you can communicate your new and exciting ideas to the world.

Architectural Studies
Architectural Technologies > Interior Architecture
TOURS AND PRESENTATIONS
When 9.30am, 10.30am, 2.00pm
Where Level 3, H Block
The building industry is facing a number of unprecedented challenges that need to be addressed creatively and innovatively. Become part of the architecture industry and design New Zealand’s built environment.
Studies in Architectural Technologies or Interior Architecture will foster your talent to design and your ability to communicate ideas with confidence in a variety of media. You will gain applied technical knowledge required to succeed in this growing industry. You will become confident in architecture history and theory and competent in constructing sustainable, inspiring environments.

Media
Digital Photography > Film and Television
Where Room D204, G Block
When 1.30pm-2.30pm
If your passion is to supply information, news or entertainment to New Zealand and global audiences then media is the industry for you. There is a huge variety of options for roles and careers in this industry - film and television, media communications and photography.
With our industry-relevant media programmes you will be able to demonstrate to employers that you have the skills, qualifications and practical experience to hit the ground running.
Construction & Engineering

Automotive > Electrical Engineering > Mechanical Engineering > Civil Engineering > Carpentry
Quantity Surveying / Construction Management

Mechanical & Automotive Trades
Certificate in Engineering (Level 3)
Where Room A202, A Block
When 12.30pm-10.30am

This is the ideal programme to introduce you to the automotive and mechanical engineering industries. It also is an excellent pathway into our Level 3 automotive and mechanical engineering pre-trade programmes. Fees for this programme are covered by the Youth Guarantee Scheme (conditions apply).

New Zealand Certificate in Automotive Engineering (Level 3)
Where Room A301, A Block
When 12.00pm-15.30pm

Employment in the automotive industry involves repairing, maintaining, modifying and selling vehicles and vehicle parts. You may choose to specialise in working with one type of vehicle, product or service.

Electrical Trades
Where Room A118, A Block
When 12.30pm-10.00am

Certificate: Electricians install, maintain and repair electrical wiring and electric or electronic equipment. You may study and interpret wiring diagrams, install and maintain electrical cables, service electrical machines and test electrical work for safety. The New Zealand Certificate in Electrical Engineering Theory (Level 3) is a pre-trade qualification to prepare you for this career.

Carpentry
Where Room L114, L Block, Anzac Avenue
When 11.00am-11.30am

Carpenters build anything from new homes through to sports stadiums. Because this industry is so diverse, a large selection of job opportunities exist within building areas. Enjoy the hands-on training in our workshops and the opportunity to be involved in real-world, community-based projects.

Quantity Surveying / Construction Management
Where Room L105, L Block, Anzac Avenue
When 11.30am-12.30pm

These careers concentrate on getting buildings constructed on time, to budget and to standard. Both bring challenges and satisfaction with each project. Quantity surveyors are the costing and financial experts in the construction industry. Construction managers control the construction process making sure the right people, materials and equipment are available at the right times so projects can be completed to the required standards.

Civil Engineering
MORNING
Where Room L147, L Block, Anzac Avenue
When 10.00am-10.30am

AFTERNOON
Where Room L143, L Block, Anzac Avenue
When 12.00pm-12.30pm

Civil engineering graduates are important participants in the design, construction and project management of civil works such as roads, dams, earthquake engineering, tunnelling, water and sewage systems, and mining operations. Be responsible for the project management of those jobs, which may include efficiently managing the manpower, machinery, materials, money and environment.

Electrical Engineering
Where Room A118, B Block
When 12.30pm-10.30pm

Electrical engineers design and supervise the installation and ongoing maintenance of electrical systems, machinery, electrical distribution networks, control systems and building services. Our programmes will ideally place you to enter this rewarding and in-demand career.

Mechanical Engineering
Where Room L143, L Block, Anzac Avenue
When 1.00pm-1.30pm

Mechanical engineers are multi-skilled problem solvers and project managers that work primarily in the fields of mechanical fluids, thermodynamics and the design of anything with moving parts from mechanical pencils to space station.

Bridging option:
Bridging to New Zealand Diploma in Engineering

Designed to enable students to access NZ Diplomas in Engineering (Mechanical, Civil, and Electrical), the emphasis is on mathematics and science for those who do not yet meet the entry criteria. This programme will not be covered at the Foundation Studies session.

Please email scadmin@op.ac.nz for more information.

<tbody>
<tr>
<td>Health Bridging option:</td>
<td></td>
<td>New Zealand Certificate in Study and Career Preparation (Level 3) New Zealand Certificate in Study and Career Preparation (Level 4) If you are thinking of furthering your career in the health and community fields, this qualification will prepare you for the challenges of more advanced study. Please attend any of the Nursing, Midwifery, Occupational Therapy, or Social Services seminars to gain more information. This qualification can also lead to the Bachelor of Applied Science (Physical Activity, Health and Wellness).</td>
</tr>
</tbody>
</table>
| Nursing                         |        | MORNING  
Room G136, G Block  
When 9:30am–10:30am  
AFTERNOON  
Room H206 A/B and H225, M Block  
When 2:00pm–3:00pm  
Nursing is one of the fundamental professions in health care throughout the world. It is a rewarding career that makes a difference in people’s lives. With access to state-of-the-art facilities and the latest industry knowledge, you will gain the experience and confidence to enter the health care profession. |
| Occupational Therapy            |        | Room G323, G Block  
When 9:30am–10:30am, 11:00am–12:00pm  
Work as an occupational therapist to promote health and wellbeing and to help people become involved in everyday activities and lead meaningful and satisfying lives. You may work in schools with children with disabilities, in rehabilitation settings, or in hospitals, to enable older patients to return to a safe home environment. Other career opportunities include working with people who have head injuries or mental health issues, and adapting workplace environments for clients. |
| Midwifery                       |        | Room H108, G Block  
When 11:00am–12:00pm  
Midwives provide maternity care to both women and their babies from early pregnancy through to six weeks postnatal. Midwives are responsible for care in uncomplicated pregnancy and childbirth, and collaborate with medical and midwifery colleagues to treat complications. |
| Social Services                 |        | The Hub  
When 1:00pm–2:00pm  
Social services help people to improve their quality of life. There are career opportunities in the fields of counselling, disability, social services, mental health support work and targeted assistance for the elderly and families. Your work may include offering support and guidance to clients, planning activities, running educational workshops or directly assisting families, groups and organisations. |
| Early Childhood                 |        | The Hub  
When 1:00pm–2:00pm  
Working with children is a rewarding, challenging, fun and diverse career. This introductory programme helps you gain the core skills and knowledge to prepare you to undertake the higher level learning required for employment in the early childhood sector. |

### Sport & Adventure

**Applied Science > Personal Training > Sport Management & Coaching > Outdoor Leadership & Management**

**Where:** Room 2114, Sargood Centre
**When:** 10.00am-11.00am, 12.00pm-1.00pm

This sport, health and adventure industry offers excellent career opportunities for those who like helping and bringing out the best in those around them. Our graduates may work in all areas of the sport, exercise and health sectors. This can range from administration, delivery and management in a range of settings. Our graduates work in schools, events, gyms, facilities, clubs, regional organisations, national organisations and the private sector.

You could plan fitness and training programmes, encourage people into healthier lifestyles or manage events. You could work in a variety of outdoor locations teaching activities such as kayaking, rock climbing and framping.

### Certificate | Diploma

### Beauty Therapy

**Where:** The Hub
**When:** 10.00am-1.00pm

Beauty therapy roles are varied, creative and in demand. Employers are seeking trained therapists with the ability to walk into a new job and to work with clients straight away. Our top-quality facilities and programmes are recognised as some of the best in the industry. International Therapy Examination Council (ITEC) qualifications are optional in our Level 4 Certificate and Level 5 Diploma and if you choose to complete the exam, your qualifications will be recognised by employers and clients internationally.

Join us for skin analysis under UV lights!

### Certificate

### Massage Therapy

**Where:** G103, G-Block
**When:** 12.00pm-1.00pm

Massage therapy is a diverse area which includes wellness and relaxation massage, stress management, sports massage and therapeutic massage. At the different forms of massage involve the study of anatomy and physiology, and the development of specific techniques to target particular areas of the body. Sports and therapeutic massage therapists help clients recover from pain, rehabilitation from injury or improve sporting performance.

Join us for a free relaxing chair massage!

**Where:** The Hub
**When:** 11.30am-1.00pm

### Hairdressing

**Where:** The Hub
**When:** 12.00pm-1.00pm

The hairdressing industry is exciting and ever-changing. Hairdressing skills are highly transferable which gives you access to lots of employment opportunities.

Our hairdressing programmes have strong alignment and links with the industry. The connections that our tutors have with local businesses and their involvement in the industry results in high rates of our graduates gaining successful apprenticeships and these ties with industry also ensure that you are given current information about technologies and trends in hairdressing.

Join us for a free quick hair makeover – including braiding, straightening and curling!
Central
Central Otago is one of the most unique and exciting destinations in all of New Zealand and your experience as a student will be like no other! Our Central Otago campus offers qualifications that celebrate the region's special flavour, including canoeing, viticulture, horticulture and snowsports, alongside programmes you won’t find anywhere else in the country, like sports turf management and stonemasonry.

Te Punaka Ōwheo
Te Punaka Ōwheo is Otago Polytechnic’s Māori Centre. Staff are on hand to talk about what support we can offer and where to find information about Māori scholarships.
