Duration Two days, 9.00am-3.00pm  
Delivery On campus

Start 24-25 September 2022  
12-13 November 2022  
Apply Anytime

## Learn the traditional craft of dry stone walling.

Drystone construction is as much an art as a science. Building a stone wall is a wonderfully creative and fulfilling experience. One moment you have a space and the next you have a structure. It may have a practical use such as a freestanding wall to keep animals out or to retain a bank or create a terrace. Structures can/will make a statement, whether it be sculptural or practical - the numbers of drystone applications are endless.

This is a two-day course. Each day will start at 9.00am and finish at 3.00pm.
